## Discover a new electrical force

Experience a force of wonder. Enter the new era of 100% electric coupé crossover performance, design, and capability.

NISSAN INTELLIGENT MOBILITY

## Feel super-intelligent, super-connected, super-human

Step into the world of ARIYA, and you'll never want to look back. More than a 100% electric coupé crossover, ARIYA is the ultimate expression of Nissan Intelligent Mobility.

**Intelligent Power** No matter which version of ARIYA you choose, the driving experience is silky smooth, silent, and immensely powerful, made possible by Nissan's proven, ever-evolving battery and EV powertrain technology.

**Intelligent Integration** ARIYA seamlessly connects to your world in multiple ways, working in harmony with your smart home and smart devices, streamlining your drive, schedule, and life like never before.

**Intelligent Driving** With ProPILOT\* technologies guiding the way, ARIYA ascends you to a higher driving consciousness. Whether monitoring and preparing for road conditions around the next bend, or letting you cruise on the motorway or park hands-free, ARIYA shows you what it's like to have great technology on your side.

\*ProPILOT is available on a limited range of vehicles. ProPILOT is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/ Hands On" for motorways only (road separated by Barriers). It is the driver's responsibility to stay alert, drive safely, apply speed limits and safe speed based on road conditions and remain in control of the vehicle at any time.

You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply.

**Power Sliding Center Console & Flexible Center Storage with Tray Table\*** ARIYA invites you to use the automotive interior in new ways. Reshape your space with the Power-Sliding Centre Console, which slides forward and back with the push of a button. Need to get some work done? Open the Flexible Center Storage to reveal a Tray Table that works as a helpful perch for a laptop.

**Horizon Lighting** A band of glowing LED light spans across ARIYA's interior.

**Flat Floor** ARIYA's new EV platform allows for a completely flat floor – helping make its lounge-like cabin amazingly spacious and welcoming.

*\*Features available depending on version, as standard or only as option (at an extra charge).*

#### INNOVATIVE INTERIOR DESIGN

## Step into a lounge that does zero to 100 kph from 5.7 seconds

With a flat floor and a vibe of relaxing openness, this is a completely new type of car interior. It's also a perfectly executed paradox – a spacious, relaxing interior that's as comfortable stationary as it is in motion. The Zero Gravity seats are supportive enough for spirited, high performance EV driving, yet comfortable enough to spend more than a few minutes of down-time. Welcome to an interior like no other. Welcome to ARIYA.

### NEXT-GEN DRIVER INTERFACE

## Technology that plugs into your senses

Chances are, you've never experienced anything quite like ARIYA. The controls light up when pressed, react with haptic feedback, then dim afterward, almost disappearing into ARIYA's serenely designed interior. The Integrated Display Interface features dual widescreens that are breathtaking to see and simple to use. Communication is seamless, thanks to next-generation voice control. And with the Intelligent Route Planner you'll always be on course and on schedule.

- Haptic Touch Controls**
- Integrated Display Interface**
- Voice Controls**
- Intelligent Route Planner**

*To use the NissanConnect services you need a NissanConnect user account and have to register and log into NissanConnect Services app with your username and password. To use the free NissanConnect Services App, you need a smartphone with a compatible iOS or Android operating system and a SIM card with data option with an existing or separate mobile phone contract between you and your mobile service provider. All services are subject to mobile network coverage.*

## e-4ORCE

e-4ORCE DUAL MOTOR ALL-WHEEL DRIVE

### Gravity has finally met its match

ARIYA's e-4ORCE dual-motor All-Wheel Drive technology offers more than just awe-inspiring thrust and thrills. e-4ORCE constantly finds an equilibrium of balanced motion for astonishing smoothness in traffic, and precision control on challenging roads.

ARIYA moves with effortless power and quickness. Need to accelerate briskly? e-4ORCE responds in near silence, propelling ARIYA up to speed with remarkable force and poise.

With 50/50 weight distribution and the ability to fine-tune braking and acceleration to each of ARIYA's four-wheels, e-4ORCE inspires confidence, in all-climate condition.

## DRIVING TECHNOLOGY

### Driving doesn't have to be so hands on

Nissan ARIYA uses breakthrough technologies to help you with the more demanding parts of the drive so you can arrive feeling more at ease. Driver assist technologies give you different levels of control. ProPILOT\* with Navi-link follows the flow of traffic, keeps you centered in your lane, and uses the mapping system to anticipate off-ramps and curves.

Slide into a spot by pushing the ProPILOT Park button\*\*. The Nissan ARIYA will take over steering, accelerator, brakes and gear shift.

*\*ProPILOT is available on a limited range of vehicles and only on Automatic Transmissions.*

*ProPILOT is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/ Hands On" for motorway only (road separated by Barriers).*

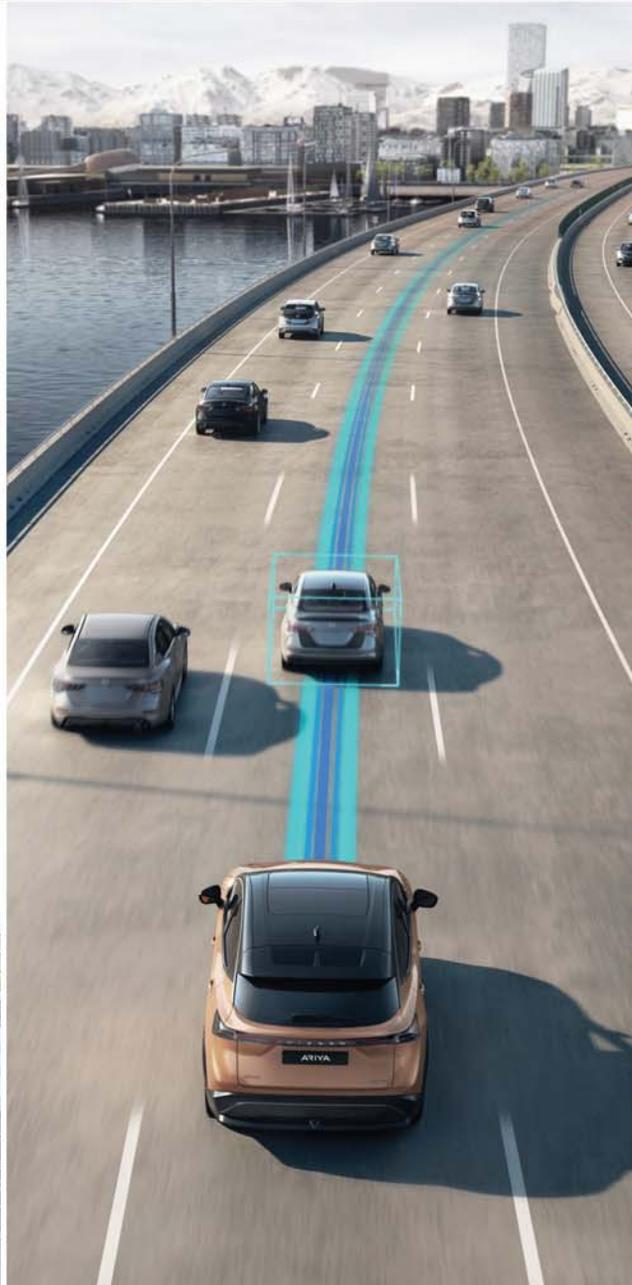

*Navi-Link supports traffic sign recognition which may not detect and read all traffic signs in all conditions. Driver should monitor all traffic sign and obey traffic laws.*

*It is the driver's responsibility to stay alert, drive safely and remain in control of the vehicle at any time.*

*For details, please check the Owner's Manual.*

*\*\*Features available depending on version, as standard or only as option (at an extra charge).*

*You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply.*

## CONVENIENCE TECHNOLOGY

### Simplifying your life is our passion

ARIYA has simplified the modern driving experience, distilled it, and refined it to its purest form. Need information? A Head-up display<sup>(1)</sup>(2) places driving data in your line of sight. Need a charge? Your compatible smartphone charges wirelessly<sup>(2)</sup>. Missing your favourite apps? Don't worry, ARIYA is Apple CarPlay<sup>®</sup>(3)(4) and Android Auto<sup>™</sup>(3)(4) ready.

<sup>(1)</sup>Head-up unit is a convenient feature that displays key information on the windscreen, so that you can have them in view while maintaining your full attention on the road.

<sup>(2)</sup>Features available depending on version, as standard or only as option (at an extra charge).

<sup>(3)</sup>Apple CarPlay<sup>®</sup> and Android Auto are available free of charge, depending on model and/or grade. For more information, please contact your Nissan dealer.

<sup>(4)</sup>Apple CarPlay is trademark of Apple Inc., registered in the U.S. and other countries. Android Auto and the Android Auto logo are trademarks of Google LLC.
